Summary

- Experienced in qualitative research methodology, especially grounded theory study for at least 10 years.
- Experienced in systematic and review study from development of research question to the team management and conduct the research for 8 years.
- Experienced in quantitative study including the willingness to pay study for health interventions, cost of illness and hospital cost analysis, quality of life of diseased patients, and Analytical Hierarchy Process (AHP) for decision support studies
- Scientific secretariats of five international congress on "Social studies on health" and 2 international conference on "Women's health" in collaboration with the UNs and other outstanding international organizations.
- Design and conduct of an international workshop on "adolescent girls' puberty health".
- Lecturer at the Medical School in health economics, medical-sociology and epidemiology for post graduate Medical student, including PhD students and MPH students.
- Work very well within groups as well as independently with minimum supervision.
- Empower the teammates while preserving the sense of individual creativity, flexibility and originality
- Demonstrate intelligence, diligence, enthusiasm and hardworking
- Composed data reports using Microsoft Word, Excel.
- Experienced in data analysis with the SPSS, and RevMan, Super-decision software.

Education

Shiraz University of Medical Sciences- Iran
Community Medicine Specialist

2010 - 2013

Shiraz University of Medical Sciences- Iran
MD. General physician

2001 - 2008

Skills

- Research Management
- Qualitative study research question development
- Assessment of reliability and accuracy of qualitative study
- Different types of qualitative content analysis, including the Shannon entropy and thematic analysis
- Design of quantitative epidemiological study including descriptive and interventional types
- Analytical Hierarchy Process (AHP) for decision making in health system
- Willingness to pay studies for health interventions
- Management of different types of hospital cost data
- Questionnaire development and the assessment of reliability and validity of questionnaires
- Skilled in AHP for prioritization and decision making
- Skilled in management and conduct of systematic reviews and meta-analysis and scoping reviews
- Scenario development in willingness to pay studies
- Critical reviewer of manuscripts (peer review) in several scholar medical Journals
- Skilled as handling editor and associate editor in Shiraz Emedical Journal, Frontiers in psychiatry
- Proficiency with Windows-based software (Word, Excel, PowerPoint), and SPSS, RevMan, MaxQDA, Super-decision software
- Strong knowledge of the standard of study ethics developed by the Committee on Publication Ethics (COPE)

Experience:**Shiraz University of Medical Sciences****Nov 2013 - Present****Faculty Member**

- Management of research projects
- Writing the proposal of the grants
- Performing experiments and analyzing data for a research project
- Data analysis and verification
- Composed data reports using Microsoft Word, Excel
- Mentor of students in student research committee for 10 years
- Mentor of thesis of fellows, specialty medical students and medical students, PhD students and Mph students for 10 years
- Lecturer in medical sociology, epidemiology and health economics for 10 years
- Deputy of Research institute of health for 3 years
- The secretary of research at the medical school for 6 years

Chamran hospital -Shiraz**2008 –2010****General physician**

- Triage of patients with orthopaedic trauma in hospital
- ICU post operation care as physician of trauma and brain tumor patients
- Primary assessment of multiple sclerosis patients to start the pulse of methylprednisolone in neurology ward.

Honors:

- Outstanding national researcher in field of insurance in 2022
- Outstanding global 5 percent researcher as developed by Stanford university in 2021
- 2nd national ranked of community medicine board of 2013
